### Description

PR24 Training Baton is a high-quality, durable, and lightweight baton designed for law enforcement and security personnel. It features a long, straight handle with a textured grip and a sturdy, T-shaped head. The baton is made of high-strength aluminum and is available in blue and black colors. It is designed to be used for training and self-defense purposes. The baton is also lightweight and easy to carry, making it a practical tool for law enforcement and security personnel. The baton is also available in a shorter version, the PR24 Training Baton, which is also designed for training and self-defense purposes. The baton is also available in a shorter version, the PR24 Training Baton, which is also designed for training and self-defense purposes.
